

Meeting 6.2

Module 6 outcome: The disciple embodies the freedom of generosity.

DISCUSS the disciple's experience with the Addiction Inventory. It will be helpful to have the resource available for reference.

What issues, addictions, destructive habits, or sin cycles did the inventory reveal?

The disciple should be able to answer these questions with the discipler's help:

What "has" you? *Why* does it have you? (Where is the root?) How does this rob you from living a generous life of freedom?

Can you imagine life without it?

Is the disciple willing and ready to take a step to cut ties with the behavior or sin cycle and take an action step toward freedom this week?

Decide on the step and make a plan.

ASSIGNMENT: Watch the video, *Giving to Your Local Church*, located on the Module 6 resource page. Return to your next meeting ready to discuss it with your discipler.
